- “Low Income” refers to those with earnings at or below 200% of federal poverty guidelines.
- Care for Vulnerable Populations: Bureau of Primary Health Care, HRSA, DHHS, 2023 Uniform Data System.
- Full-Time Equivalent (FTE) of 1.0 is equivalent to one full-time employee. In an organization that has a 40-hour work week, an employee who works 20 hours per week (i.e., 50 percent of full time) is reported as “0.5 FTE.” FTE is also based on the number of months the employee works. An employee who works full time for four months out of the year would be reported as “0.33 FTE” (4 months/12 months).
- COVID tests and vaccines data comes from data reported by health centers from the HRSA Health Center COVID-19 Survey. Learn more at <https://bphc.hrsa.gov/emergency-response/coronavirus-health-center-data>.

## ACKNOWLEDGEMENTS

Capital Link is a non-profit organization that has worked with hundreds of health centers and primary care associations for nearly 30 years to plan for sustainability and growth, access capital, improve and optimize operations and financial management, and articulate value. We provide an extensive range of services, customized according to need, with the goal of strengthening health centers—financially and operationally—in a rapidly changing marketplace.

Capital Link maintains a database of over 21,000 health center audited financial statements from 2005 to 2023, incorporating nearly 85% of all health centers nationally in any given year. This proprietary database also includes UDS data from 2005 through 2023, enabling us to provide information and insights tailored to the industry. For more information, visit us at [www.caplink.org](http://www.caplink.org).
